

A NOTE FROM TARA WEST

The Math Printable Practice: Addition and Subtraction Using Fingers Within 10 is designed to give students an engaging way to practice adding and subtracting using their fingers. This resource can be used as an independent math center, whole-group math component, math intervention, and/or as additional practice for early finishers. Students will have a variety of addition and subtraction practice with the 10 included sheets. Supply students with a hands-on manipulative choice to extend the learning further. If you have additional questions, feel free to email: littlemindsatworkllc@gmail.com, follow me on [Facebook](#), or visit my website, [Little Minds at Work](#).
