# Primary Pull and Record

Thanks so much for downloading my Primary Pull and Record Packet. This packet is designed to offer a fun and engaging way to practice literacy skills. You will be able to use these pull and record centers as a supplement to your whole-group lesson and/or as an independent center option. To prep the centers, simply print the skill cards and cut these individually. You will then print out the matching recording mat. The students will need to have a pencil, crayons or markers to indicate their answers. Below you can see a variety of ways to use the centers. If you choose to utilize these centers for more than one use, then you'll want to laminate them or place them into a dry-erase sleeve. Students can use a dry-erase marker or plastic manipulative to indicate their answers.

Students will pull a card and record on the corresponding match. This is beginning mat as the students do not have to match the shapes.

Students will pull a card, match the shape on the card with the recording sheet and then color the answer.

Students will pull a card, match the shape on the card with the recording sheet and then write the answer.

If you have any additional questions as always, feel free to email me at [littlemindsatworkllc@gmail.com](mailto:littlemindsatworkllc@gmail.com), follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
