Roll N' Cover: Subitizing Center Mats

Thanks so much for downloading the preview for my [Roll N' Cover: Subitizing Center Mats](#). This packet is designed to offer a fun and engaging way to practice subitizing skills with numbers to 12. You will be able to use these centers as a supplement to your whole-group lesson and/or as an independent math center option. To prep the centers, simply print the pages of your choice (subitizing dots or ten frames). You can choose to laminate the centers for a more durable use. There are 200 center mats included within this packet. The idea of the center is that students will roll 1 cube for numbers within 6 and or roll 2 cubes for numbers within 12. After rolling the cube(s), the student will cover the answer on the mat.

If you have any additional questions as always, feel free to email me at littlemindsatworkllc@gmail.com, follow me on [Facebook](#), or visit my blog, [Little Minds at Work](#).
