UNIT 2

HEART WORDS BASED

A NOTE FROM TARA WEST

Thanks so much for downloading this FREE set of Unit 2 High Frequency Word Mini Books! This set includes 10 mini books featuring the heart words introduced throughout Unit 2 of Guided Phonics + Beyond. Each book gives students focused practice reading and recognizing a high frequency word while keeping the overall reading demand intentionally low. You may notice that some pages include extremely short sentences or sentence fragments. This is by design! These books are meant to provide a low cognitive load so beginning readers can focus their attention on the target heart word without being overwhelmed by additional text. Students will cut apart each page, order the book using the page number cues, staple it together, and read! The simple, predictable format and picture support make these perfect for building confidence as students begin working with high frequency words.
